

NANCY WYNNE HAS A WORD TO SAY ON DIFFERENT SOCIAL MATTERS

Great Activity at Maine Resort, in Which Many Philadelphians Take Part—Other Matters in Which Society Is Interested

IT IS funny to hear of the young brides and bridegrooms who are entertaining in their homes and expending their young money. Of course there is no reason why it should be funny— isn't it the most natural thing in the world? And are they not, perhaps, having some very happy days together getting used to the new state of affairs and finding out that each one can no longer think for himself or herself alone. There is some one else to be considered. As I heard a man say to a girl recently, "I wish you'd remember you are not to think as a single-minded person any more," whereupon both the smiling and gazed into each other's orbs, and, thinks I, "The old, old story." All this is neither here nor there, however, for what started me off on this long dissertation is the fact that the George Wharton Pepper Jr. are up at Bar Harbor and entertained Mrs. Pepper's sister, Sarah Myers, and her fiancé, Jacob Clifton, at luncheon at the Kebo Club on Thursday.

There are any number of Philadelphians up there this year. Among the latest arrivals are the Rev. George Calvert Carter and his wife, of the Church of the Redeemer, Bryn Mawr. Every one is looking forward to the lecture which Prof. Albert Van Haecke, of Louvain, Belgium, will give, together with moving pictures, in which he will tell of his experiences in Louvain and the life of the Belgian refugees in Holland. The talk will be given at the Casino on August 7.

Among the Philadelphians who are patrons and patronesses for this affair are Mr. and Mrs. William Masters Carnac, Mrs. Edward Coles, Mr. and Mrs. Thomas De Witt Cuyler, Mrs. John Markoe, Mr. and Mrs. William Lyttleton Savage and Mr. and Mrs. Edgar T. Scott. The proceeds are to be used to send portable houses to Belgian refugees, which will be capable of being moved back into their own country when this horrible war is once terminated.

It is delightful to hear that Mr. and Mrs. Henry Rittenhouse intend returning from Harrisburg, where Mr. Rittenhouse has been engaged in business, to live here once more. At present Mrs. Rittenhouse and her small children are in the Adirondacks, at Long Lake West, and Mr. Rittenhouse will join them there about the middle of next month. Mrs. Rittenhouse, you know, was Ann Cochran, daughter of Mr. and Mrs. William G. Cochran, and one of the most popular and pretty girls to make her debut in this city. She has been married about five or six years.

Dr. Damaso Laine, of Havana, who came up here from Cuba about a month ago, has returned home. His little daughter, Lana Laine, will spend the coming winter with her half-sister, Mrs. Morris Stroud, Jr., and will attend school here. Doctor Laine has spent most of his life in Havana, where he is one of the leading physicians. His sister, Mrs. Adolfo Santa Maria, and her children live here, and his late wife was Mrs. Boulton Dixon, of this city.

ATLANTIC CITY, July 29.
KNITTING clubs, of huge proportions, modeled on the lines of the old-fashioned carpet bag, are used by the Boardwalk maid to carry her yarns. The enormous bags are very gorgeous, and often very costly affairs, built of tapestry and satins adorned with gilt braid and silken frills. Many miles of yarns must have been consumed here this summer. Clever girls, who are adept at knitting the more intricate stitches so much in demand, are giving lessons in the art, and devoting the proceeds to the many charitable enterprises that are engaging the attention of the summer colony. Never before were so many demands made on one's purse for relief work.

OCEAN CITY, July 29.
As a diversion, many of the young people now spending the summer here have started a new craze and one that attracts much attention. In parties of half a dozen or more, they stroll the Boardwalk late in the evenings to the accompaniment of lively strains from perhaps two or three mandolins. Sometimes the instruments are manipulated by the girls, but more frequently by the youth.

WILDWOOD, July 29.
SPEAKER CHAMP CLARK is spending the week-end at this resort as the guest of ex-Congressman J. Thompson Baker. Mrs. J. A. Cook is spending a short vacation at this resort.
Mr. Murray Schwartz, of New York, is spending the summer at this resort.

TWO BUSY RED CROSS CLASSES HELD WEEKLY IN CAPE MAY

One Under Direction of Mrs. Andrew Wheeler, Other in Charge of Mrs. Walter Starr—Boadwalk Maid in Atlantic City Carries Ornate Knitting Bag

CAPE MAY, July 29.
CAPE MAY matrons, not to be outdone by those at other resorts, are busily sewing for the Red Cross and two classes are in full swing, meeting every Thursday. Mrs. Andrew Wheeler is the organizer of one class, while the other, which meets at the Golf Club, is under the direction of Mrs. R. Walter Starr. A member of the latter class, Miss Florence Frishmuth, who is spending the summer at the New Hotel, looked well the other day in a sheer white blouse, a white striped skirt and an old rose basket-weave hat bound in old rose ribbon. Her sweaters are under way in gray and white sports shoes, a linen skirt, fine white blouse and a stunning sailor hat of gray straw.

THE DAWN OF A NEW PURE FOOD NAME

WILSON & CO.

SUCCESSOR TO SULZBERGER & SONS CO.

A personal statement by Thomas E. Wilson

THE American public has known Sulzberger & Sons for over half a century. Already we see the results of the new organization. Increasing sales, heavier demands for "Majestic" products, tells the story.

You know the quality of their meats and meat food products—you know the high standard maintained by Majestic Hams and Bacon, for example.

When the opportunity came to associate myself with Sulzberger & Sons Co. I saw a big, growing, successful institution, with large plants located in the right sections, with splendid possibilities to be made bigger and better and broader.

I knew the organization. I knew its men. I knew them to be men of big ideas—"live wires", eager and anxious for wider opportunities.

"S & S" built their business on their high quality standard. They were just as jealous of their good name as we are of that of Wilson & Co.

The advance in civilization creates new standards, no greater advances have been made than those in the preparation of foods and we, with our enlarged Company and increased capital, with our keen, live, enthusiastic force, will meet these demands and not only maintain the high standards of the old Company, but will put these standards even higher.

We want you to know and to believe that the name "Wilson & Co." is actually a pure food name. It is a guarantee of purity, cleanliness and quality.

So here is the splendid old "S & S" institution—after more than half a century of successful growth—built into a bigger, better and broader organization.
